

SCOOTER STOOL™

WORK 'N' ROLL

You'd think that a simple idea like putting a utility tray under a rolling stool wouldn't be that big a deal. But then you actually try the Scooter Stool, with your tools stowed underneath, scooting, working, scooting, working...and you realize that this is a pretty marvelous concept, indeed.

- All-metal construction provides lasting quality and durability
- 300 lb. download rating
- Durable hard-floor casters
- Red or gray scratch-resistant powder coating
- 14 1/2" height, 13" diameter seat
- A great companion for the workroom or the plant

GREAT FOR FILING TOO!
